

Student Council Meeting—November 11th

Agenda:

I. Middle School and Elementary School Representatives

II. Suggestion Box

III. Field Trip for High School

IV. Bylaws, Missions, and Goals

V. Sports Equipment

I. Students from 3rd Grade to 8th Grade were able to volunteer to become the representatives for their grades. The students who have been chosen are the following:

3rd Grade: Toluwani Fadare

4th Grade: (open)

5th Grade: Kelly Wolf

6th Grade: Rohan Canceko

7th Grade: Kevin Wolf

8th Grade: Joice Park

The council had made a decision that the representatives will be present on the last meeting of November.

II. The Council has received a number of suggestions from varying students. We chose the most plausible requests, and the Committee will look further into it.

1. “Ms. Wilson’s classroom does not have a speaker. We cannot hear the announcement.

So, it would be nice to have one.” -Anonymous

2. “Warm water from the tap! It’s getting colder, and cold water for washing hands [is just horrifying].” -Anonymous

3. “[I would like] more chicken lunches.” -Sean (4th Grade)

III. The Committee is planning for a High School excursion. We are planning to have an educational, and fun, field trip. We are also planning to give out surveys to High School students that would allow them to pick a place that they want to visit. Haesong Ha, the Treasurer, discussed about past field trips, the length (2 days), and the net cost of the field trip (undetermined).

IV. The Student Council’s missions and goals are not yet clear. Tobias, the Council’s President, suggested that the general idea of our goal is to “improve the school.” Several committee members suggested that the Council should come up with fundraising events, establish a better connection between students and teachers, make students more independent and such. Bylaws and other goals will be discussed the next meeting.

V. Sports Equipments are missing from the Gym, such as Volleyballs, Table Tennis balls, and other general sport equipments. Masha Korelina, our Sports Coordinator, is currently investigating the issue, and is planning to get better equipments for the gym.
